Sister and Man

-I can only help you with
First-String Women.

-All boney ones?

-Afraid so, and proudly!

-Looking for some flesh.

-We’re emphatically not! Disgusting!

-Why would anybody desire such
a pukey body?

-We do! And by lengths unknown by you
except in cheering football!

-Modern slavery dictated by a stable
of Andres. Andre T. or T. Andre etc.
All the same! Woman haters!

-They love and wish to BE us!

-Have you ever answered them?
-Too busy making sure our weirdo

physiology doesn’t gain weight
from the very air!

-What’s the difference? Your life is
not worth living!

-Watch TV. We Climb mountains
and make up our faces mid girus
and icy snow!

-Why there?

-In that air we stink less.
